## DELIVERING CONSISTENT INVESTMENT PERFORMANCE

At Zurich we are proud of our track record in managing customers' investments. Our belief is that people need people to look after their money so we take a 'hands-on', active approach to investment management.

We believe that good active investment managers are best placed to deliver consistent long-term investment performance. Over the last 25 years, Zurich has been managing diversified multi-asset funds for customers throughout Ireland.

Our flagship managed funds: the Balanced, Performance and Dynamic Funds have beaten their sector averages. In fact, when we compare the Balanced Fund to our competitors, the results are there for all to see.
