

Supporting your Business in 2012

Service initiatives that make a **REAL** difference

Acceptance of Scanned Application Forms & Other Documents

We conducted a survey in late 2011 to gain a better insight into what is most important to you, our Brokers. From the large number of responses received, a clear common theme prevails – that the acceptance of scanned application forms is very important to you!

In response, we will accept scanned application forms **in place** of original forms submitted by post. This development is a step forward in facilitating faster, more efficient business turnaround! We will also accept PDFs of almost all other documents that you would normally send in to us by post.

This is just one of many steps that we are taking in 2012 to make life easier for you and we welcome any feedback that you have! Simply talk to your Broker Consultant or your dedicated Sales Support Team!

Why Scan?

Faster Turnaround

We receive the application form instantly and can start processing it straight away!

Peace of Mind

You no longer need to worry about important documents getting lost in the post. Plus you will get confirmation to reassure you that we have received your email.

Save Money

Helping you reduce your postage and stationery costs.

**Just scan,
attach and email:
proposalforms@zurich.com**

No need to post original into us!

MAY 2012

How the system works

We now consider emailed applications as true and complete copies of the paper applications your clients complete and sign.

We are happy to accept scanned application forms in **PDF format** for all of our products, just send them straight through to our proposalforms@zurich.com mailbox.

Online proposals should be submitted through our website as usual and can now be followed up with a scanned PDF, we don't need the paper version!

IMPORTANT! There is no need to send us the original application form once submitted by email as posting it in could actually slow us down (we would have to crosscheck the information on both forms to ensure all the details matched and clarify any differences).

Other documents accepted as scanned PDFs

Please see below the list of documents now accepted in PDF format. If any of these documents are required at new business stage please submit them as for the application form.

Any other documents, for example an encashment claim form, can be emailed to

existingbusiness@zurich.com Remember, you do not need to send the original in the post to us.

Your Broker Consultant or dedicated Sales Support Team are available to answer any questions you have on this new process. We are sure this will make it even easier for you to do business with us!
