

Easy Access Investment Bond

Allow us to introduce ourselves.

We are Zurich. We are part of a global insurance group with Swiss roots. We are one of Ireland's most successful life, pension and investment providers.

We believe in building a life long trust with our customers. We are passionate about protecting our customers and the things they truly value.

At Zurich, you are at the heart of what we do.

This brochure is designed to give you a clear understanding of our Easy Access Investment Bond. If you have any questions please get in touch.

Talk to a financial broker, advisor or call us today and see how we can help you.

Welcome

Over the last number of years, Ireland has enjoyed a historically low interest rate environment, which is great news for tracker mortgage holders – but is not so good for deposit savers.

Currently money being held on deposit (e.g. in bank deposit accounts) is not earning much interest. The question you should ask yourself is whether you want your money to work harder?

The new Easy Access Investment Bond from Zurich is an alternative worth looking at. It gives you access to your money at any time and you have a choice as to where your money is invested (and how much risk you want to take).

Over the next few pages we will introduce you to some people who have taken steps to plan ahead. Through their stories, we hope you will see the benefits of taking action and be encouraged to do something about it today.

“I like that I
can access
my money if
I need to.”

“It's time for me to focus on the things that really matter in life.”

MEET SEÁN

Seán, 42 and his partner Kathryn are celebrating the arrival of child number three, their beautiful baby daughter Sinéad. “I love being a parent,” says Seán, “it totally changes your perspective on life.”

With additional priorities to consider, Seán has decided to look again at his savings plan. He recently inherited some money from his grandfather and wants to use it sensibly.

Seán says, “Some of it will pay for a long overdue family holiday in the summer. And we’re planning to invest the rest to build up a bigger pot for our family’s future. It’s money we were never counting on so our goal is to use it for something useful, like our kids’ education.”

Seán is happy to put this money away as a lump sum for ten to 15 years. So he has chosen the Easy Access Investment Bond with Zurich as it gives him control over how his savings are invested. And he has the peace of mind that he can access his money at any time.

Why did Seán choose an Easy Access Investment Bond?

- It’s a long-term investment option for his lump sum.
- It’s a great place to invest, with potential to grow his money.
- He can change the level of investment risk if circumstances change.
- He can access his money at any time without any fear of penalties or charges.

Warning: The value of your investment may go down as well as up.

Warning: If you invest in this product you may lose some or all of the money you invest.

“I know my savings are working hard and not sitting idle in a bank account.”

MEET CLAIRE

Claire is one year away from a significant birthday. “Next year I’ll be 50 and that undeniable fact has lit a fire under me.” That’s why Claire recently met with a financial broker and put a plan together to secure her financial future.

A big part of that plan involves spending more time in the cottage she bought with her husband in Mayo. “I spend a lot of time out of the country on business and I’m beginning to miss home more and more,” says Claire. “Mayo is where I grew up and it’s where I want to end up.”

Over the years Claire has worked hard to build up a savings pot but now she intends to get her savings working harder for her. Claire recently invested her savings in the Easy Access Investment Bond with Zurich. “By investing my money, it has the potential to grow and because I can choose the level of risk I am comfortable with, I don’t have to take any unnecessary risks.”

Why did Claire choose the Easy Access Investment Bond

- It gives her savings more potential to grow than her bank account.
- She can match the level of investment risk to suit her.
- She can invest from €5,000 to €50,000.

Warning: The value of your investment may go down as well as up.

Warning: If you invest in this product you may lose some or all of the money you invest.

“I like that I can
reduce the level
of investment
risk if I want to.”

Investment solutions made easy

The Easy Access Investment Bond is one of the many options Zurich has available for lump-sum investors. Once you have had time to consider your options, you should speak to a financial broker, advisor or Zurich.

The Easy Access Investment Bond

Suitable if you have a lump sum of money to invest, such as an inheritance or existing savings. Your money can be invested in Zurich's range of investment funds including the risk-rated Pathway Funds.

Choose if:

- You are looking to invest for five years or more.
- You have between €5,000 and €50,000 to invest.

The Benefits:

- You have an excellent investment fund choice to suit your attitude to risk.
- You can switch investment funds at any time.
- You can access your money at any stage.
- You can check the value of your investment bond any time by logging in to Zurich's online Client Centre.

Your Risk Profile

Your savings will be invested with a view to growing your money. How that money is invested depends on how much investment risk you are prepared to accept. Everyone's attitude to risk is different.

Choosing your own investment strategy will involve deciding on the

level of return you are looking for and balancing it against the level of risk you are comfortable with. That's why Zurich offers a range of investment solutions with different levels of risk.

If you would like to work out your attitude towards investment risk, check out our Risk Profiler tool at zurichlife.ie

Pathway Funds - at a glance

Risk Targeted

Each Pathway Fund aims to maximise long-term capital growth while targeting the specific level of risk appropriate to you.

Diversified

Each Pathway Fund is fully diversified and can include investments in equities (the stockmarket), bonds, property, cash and alternatives (such as oil and gold).

Built on Expertise

The Zurich investment team consists of experienced and highly-qualified investment specialists, with a proven track record of making the right investment decisions at the right times.

Actively Managed

The Pathway Funds are actively managed by the Zurich Investment team. This means that it is our fund managers that make the specific investments in each fund with the aim of outperforming the market. It also means our investment managers can respond to market movements as and when they happen.

Great Value

Today's investor wants an investment solution that meets their needs, but they are also conscious about price. The Pathway Funds have been designed with these investors in mind - they provide risk appropriate solutions - and are very competitively priced.

Warning: If you invest in this product you may lose some or all of the money you invest.

Warning: This product may be affected by changes in currency exchange rates.

Warning: The value of your investment may go down as well as up.

Investment risk & return

No one wants to take any unnecessary risks with their investment. However, there is a trade-off between risk and return. The lower the level of risk that you are prepared to take, the lower the potential for any investment gains/losses. Likewise, the higher the level of risk assumed, the higher the potential for investment gains, but also the potential for higher investment losses.

And so, we have categorised our range of investment funds including the Pathway Funds using a 1-7 risk scale, 1 being the lowest risk, 7 being the highest. The Pathway Funds have been designed to match investors with risk profiles 2 through to 6 and each of the funds aim to achieve the desired level of risk at all times.
