Update Broker Logo

Only upload files with the filetype JPG, PNG, GIF or BMP
Maximum file size allowed is 250 Kb
Images with horizontal aspect tend to display better

Next choose your logo and click “Preview Logo”

- Be mindful that **landscape logos work best**. Please see the next page for important information on this.
- Max file size that can be uploaded is 250kb
- And you can only upload JPG,PNG,GIF or BMP files

Portrait Vs Landscape

Below you will see **two versions of the same logo**.

As our website layout favors landscape logos, the portrait version on the left has been shrunk to fit our system requirements.

However the landscape version on the right fits well and is much stronger.

Therefore we would strongly advise that you upload your logo in format this is roughly 2:1, meaning that the width is twice the height (which would be a landscape orientation)

Images with horizontal aspect tend to display better
