Fund Rebalancing

When you choose your own funds you can opt for Fund Rebalancing, an investment strategy which periodically rebalances the percentage weighting of the funds in your investment portfolio. The portfolio will rebalance at a frequency of your choice and in accordance with the fund split you selected at outset. The strategy automatically rebalances your funds to your selected fund split throughout the lifetime of the policy.

I wish to select the Fund	Rebalancing Strategy	Please indicate how often you would like it to take place.
