

Essentials for Master Trust Executive Pensions

Here are some simple tips to ensure your client's Master Trust Executive Pension Application can be input and issued as soon as possible.

New Applications

RS Codes

On the front page of our application forms you will see a space for an RS Code. This code determines what commission and charging structure is to be paid on the policy. Queries regarding the RS Code should be directed towards your Broker Consultant who will be on hand to provide codes in advance of submitting the proposal form.

Section A - Employee Details

- **Personal Details:** Please ensure all personal details are provided. For a Master Trust, a client's marital status must be provided as this will be required to complete the funding test.
- **PPS Number:** The PPS number must be provided & should match as shown on the evidence of salary.
- **Nationality & Country of Residence:** If the client is resident outside of Ireland please contact your Zurich Broker Consultant.
- **20% director:** This will determine the definition of "Final Remuneration" for retirement or death claims.
- **Date of Entry into Service:** This is the date the member commenced salaried service in the relevant employment. The **full date**, in the format DD/MM/YYYY, is required. The date provided must match Revenues records for this employment. If a member has broken salaried service then you should use the date on which Pay As You Earn (PAYE) employment recommenced. It is possible to check the date using Revenue's MyAccount facility.
- **Annual Salary:** The annual salary should be current i.e. not based on future potential increases in salary. The salary provided should reflect the ongoing income provided on the evidence of current salary (payslip or Employment Detail Summary)
- **Normal Retirement Age (NRA):** NRA must be between 60 & 70. Where there are existing benefits in place for the same employment the NRA of the new scheme must match the NRA provided for under the existing arrangement.

Section B - Politically Exposed Person (PEP) or Relative or Close Associate (RCA) of a PEP

Question must be completed for all role holders.

Section C - Principal Employer

Please ensure all fields in this section are fully completed as this section is used to validate the Participation Agreement.

- The registered address must match the records as shown on the Companies Registration Office (CRO). If the company registered address is different to their postal address, please ensure the relevant fields are populated.
- Please ensure all of the company CRO and Tax related information is populated i.e. CRO number, Tax registration number, Incorporation details.

It is important that the details provided for the employer correspond with both the CRO for registration purposes and with Revenue records for the relevant employment.

IMPORTANT: Abbreviations or shortened versions of the official company name should be avoided. Where there are discrepancies relating to the company name throughout the application, we will need to return the application to you to be amended.

Section D - Section Details & Contribution Details

- **Vesting:** Select either Statutory or Immediate. If none selected, statutory will apply.
- **Indexation:** If no selection is made, no indexation will apply.
- **Regular Contributions:** The start date will be the 1st of the month. The regular contribution start date cannot be backdated.
- **Single Contributions:** The start date will be the later of the receipt of the single contribution / transfer or the fund choice. Where the single contribution is being paid by electronic funds transfer (EFT) please allow 3-5 working days for funds to reach us.
- **Transfer payments:** A transfer can only be made if the client has a regular premium policy in force. This means we cannot accept a transfer for a member of a scheme in isolation. Where funds are transferring from another provider please provide the reference number & contact details for the transferring provider. Zurich will provide the willing & able letter, along with the scheme approval reference, once it has been returned by Revenue.

Section E - Retained benefit details

Up to date retained benefit details allow us to complete the funding check before issue. The specific information that is required in respect of each retained benefit record for the member is as follows:

- **Policy Type:** Executive Pension Plan (EPP), Personal Pension Plan (PPP), Defined Benefit (DB) Scheme, Superannuation etc.
- **Scheme Title:** The official title of the scheme.
- **Life Office / Scheme Provider**
- **Reference number:** The reference number for the existing scheme / arrangement.
- **Normal Retirement Age (NRA):** NRA under the scheme – all schemes relating to the same employment must have the same NRA.
- **Current fund value:** Where the retained benefit is a DB arrangement we require details of the estimated pension at retirement, spouses pension & escalation rate.
- **Current status:** Live, paid up or in process of being made paid up.

Note: Where a member is transferring existing benefits to Zurich it is important that the information relating to those benefits are included in the retained benefits section.

Section G - Declarations

Signed and Dated: All declarations, including the Participation Agreement and Direct Debit Mandate should be **fully signed and dated**. Incomplete or invalid information provided on the Participation Agreement or Direct Debit Mandate will result in the document being returned for recompletion.

Digital signatures are accepted for Zurich Master Trust Executive Pension (New Business) applications.
