Welcome

Please enter a valid mobile number

In order to protect your data please verify the mobile phone number you provided to your employer.

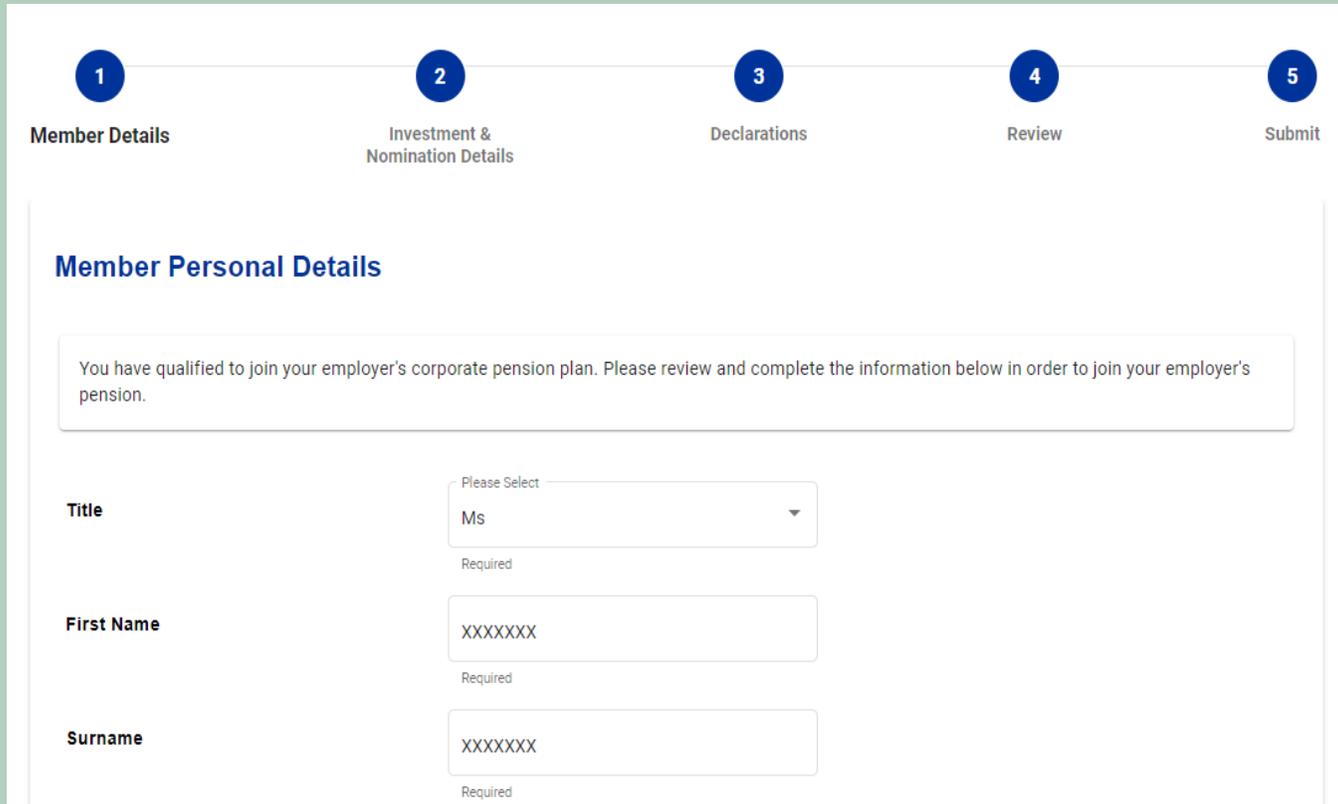

Before continuing, please ensure that you have access to the phone, as we will be sending you an SMS code in the next step.

Enter a Valid Number

Once the Member clicks the link within the email, they will be brought to the online application.

The application will ask to verify their identity by confirming their phone number.

A second validation step will send a code to the member's phone number, and this will need to be inputted into the application.

The screenshot displays a five-step process flow at the top: 1. Member Details, 2. Investment & Nomination Details, 3. Declarations, 4. Review, and 5. Submit. Below this, the 'Member Personal Details' section is shown. It includes a message: 'You have qualified to join your employer's corporate pension plan. Please review and complete the information below in order to join your employer's pension.' The form fields are: 'Title' (dropdown menu with 'Ms' selected, labeled 'Please Select' and 'Required'), 'First Name' (text input with 'XXXXXXX', labeled 'Required'), and 'Surname' (text input with 'XXXXXXX', labeled 'Required').

There are **4 pages** to be completed. These pages refer to the member's details, Investment & Nomination Details, Declarations, and finally a Review of the Application.

The member can:

- amend any incorrect information inputted by the Employer
- choose if they wish to include any AVC contributions.
- nominate individual(s) for the trustee to pay any Death in Service lump sum payable

Declarations will ask the member to consent to our Data protection practices, additional permissions and various marketing practices.

On the Review page, the member can ensure the details they have submitted are correct. If a member needs to amend any detail, they simply go back to previous pages.

## Application Approved

**Thank you for approving your application.**

**Your application has been submitted to Zurich Life for processing.**

You may now close this window.

Lastly, the member needs to confirm that all details are accurate and complete. The member will then approve their application. At this point, they will be given their policy number. Once your member submits their application, it will be automatically submitted to Zurich to be processed.

Please note, policies paid via Direct Debit it will be processed straight away. Policies which are paid via EFT will not be processed until the funds are received, so it is important that Employers send across the contributions for EFT payments as soon as they can.
