

# Protect

**yourself and your family**  
from the financial risk of  
serious illness

# Nobody likes to think about the risk of serious illness, but unfortunately, for many people it can have far reaching consequences.

If you get diagnosed with a serious illness such as Cancer, a Heart Attack, or a Stroke, it could prevent you from working and you could find yourself struggling financially at a time when money should be the last thing on your mind.

Take a moment to consider the financial problems a serious illness could bring to you and your family. Ask yourself:

- Will I have the money to help me access the best medical care and assist my recovery?
- Could my employment and income be impacted by a serious illness?
- Will I have enough money to pay my mortgage or rent every month?
- What about my family? If I am unfortunate to suffer from a serious illness, could this impact their day to day living, education and future?

That's why you should consider protecting yourself and your family with Serious Illness Cover from Zurich.

## What is serious illness cover?

Serious Illness Cover is a type of insurance policy that pays out a cash lump sum if you get one of the many serious illnesses covered by the plan<sup>1</sup>.

A cash lump sum paid to you could help remove some of the financial and emotional stress associated with a serious illness – to enable you to take the time off work, to help pay for specialist treatment and/or even to help cover day-to-day household bills such as childcare.

Serious Illness cover can be set up so that it covers both you and your partner – and if you have children, they are also automatically covered should they suffer a serious illness<sup>1</sup>. You decide how much financial cover you need, and the cost of the plan is based on criteria such as your age, smoker status, and medical history.

<sup>1</sup> Claims are subject to policy terms and conditions. Please see the Policy Document for the full definition of illnesses.

## Even a little cover can stretch a long way

Even a small amount of serious illness cover can go a long way. If you needed **€2,500 every month (€30,000 in a year)** to cover your household expenses, the good news is that it doesn't have to cost the earth. The table below shows how far even a small amount of cover could go and the monthly cost.

### Funding for your current lifestyle

Source: Zurich Life, August 2025. Based on age 40 next, non-smoker with serious illness cover for a term of 20 years. A discount of 5% was applied. A government insurance levy (1% as at August 2025 and may change in the future) applies to this policy. These sample premiums do not include this levy.

### The younger you are, the less it costs

Source: Zurich Life, August 2025. Based on non-smoker with €50,000 serious illness cover for a term of 20 years. A government insurance levy (1% as at August 2025 and may change in the future) applies to this policy. These sample monthly premiums do not include this levy.

# When it comes to paying claims, Zurich have a strong reputation

In 2024, we paid more than **€24 million** in Serious Illness claims. Cancer is by far the most common reason for claiming, accounting for **80% of female claims** and **57% of male claims**.

**Heart related illnesses** account for **31% of male claims** with Zurich. However, for females, it's only **3%**.

of all female claims were related to **cancer**

of all male claims were related to **Cancer, Heart and Stroke**

# What Serious Illnesses do we cover?

We provide cover for over 70 different serious illnesses. But it is not only the number of illnesses covered that matters. At Zurich, we focus on the strength of our Serious Illness definitions, and our view is that this is the most important element of any Serious Illness contract. We've always focused on having strong definitions for the 'Big Three' – Cancer, Heart and Stroke.

Illnesses in these three categories alone accounted for 80%<sup>1</sup> of all our Serious Illness claims in 2024. At Zurich, Cancer accounts for 66%<sup>1</sup> of all Serious Illness claims. However, for women, Cancer is the cause of 80%<sup>1</sup> of Serious Illness claims of which over half related to Breast Cancer.

While many serious illnesses are wholly life changing, others are less so. To ensure you have the fullest protection, our serious illness plans cover a wider additional range of serious illnesses by way of a 'partial payment'. The payout for these is 50% of the amount of cover up to a maximum of €15,000.

## Cancer related illnesses

### Full payment illnesses covered:

- Cancer – excluding less advanced cases<sup>2</sup>

### Partial Payment Illnesses covered:

- |   |   |
|---|---|
| <ul style="list-style-type: none"> <li>• Cancer in situ – with surgery</li> <li>• Early Stage Bladder Cancer – of specified advancement</li> <li>• Early Stage Thyroid Cancer – of specified advancement</li> <li>• Gastrointestinal Stromal Tumour (GIST) of Low Malignant Potential – with surgery</li> <li>• Low Level Prostate Cancer – with Gleason score between 2 and 6 and with specific treatment</li> </ul> | <ul style="list-style-type: none"> <li>• Neuroendocrine Tumour of Low Malignant Potential – with surgery</li> <li>• Ovarian Tumour of Borderline Malignancy / Low Malignant Potential – with surgical removal of an ovary</li> <li>• Pituitary tumour – resulting in permanent symptoms or surgery</li> </ul> |
|---|---|

### Important Note

Zurich's Serious Illness Cover is subject to terms and conditions which are contained in the Policy Document. It is important to note that not all serious illnesses are covered under this policy. In order to make a valid claim policy specific conditions must be met and certain exclusions apply. You should refer to the Policy Document which is available on request from Zurich.

## Parental Respite Cover

If you are a parent, the well-being of your child is always at the forefront of your mind. Nobody wants to think about it, but when a child is diagnosed with a serious illness, it affects all areas of life, including your finances. This is why our Parental Respite Cover is included in your policy free of charge.

### What is covered?<sup>1</sup>

Our Parental Respite Cover insures the policyholder's child for the same specified serious illnesses as the life assured. On top of this, the children's cover also includes three unique child illnesses – Cerebral Palsy, Cystic Fibrosis, and Spina Bifida. The cover is equal to 50% of the Serious Illness sum insured, up to a maximum of €25,000.

Our Parental Respite Cover also includes partial payment serious illness benefits for the same specified illnesses as the parent. The child's cover is 50% of the Serious Illness sum insured, up to a maximum of €7,500.

To qualify, the child must be younger than 18 years at the date of diagnosis. When the child is in full-time education, the child will qualify if aged less than 25 years at the date of diagnosis.

You can find full details about the Parental Respite Cover in your Policy Document.

If you think that serious illness could put you or your finances at risk, then you should speak to a financial broker or advisor and talk to them about cover from Zurich.
