Fund Description

Indicative equity exposure: 100% of the value of the fund

The Indexed TopTech 100 Fund is a unitlinked fund that gives you the opportunity to participate in the performance of some of the largest American and Global non-financial companies listed in the US. Information technology companies make up a significant proportion of the fund. The fund currently invests in an Invesco Exchange Traded Fund (ETF). The Invesco ETF is passively managed and aims to track an index, but may not always track it. Zurich Life reserves the right to replace this ETF with another fund at any stage. This fund invests some of its assets outside the eurozone so a currency risk arises for a euro investor. The unit-linked fund can have exposure to cash as part of the management of the fund.
