

Thank You!

PATHWAY hits €500 million

We are delighted to announce that investments into our Pathway range of funds have grown to over **half a billion** euro in just 18 months!

We have you to thank for this success.

With **your** advice, customers have chosen Pathway in their thousands! You've told us that customers want easy to understand, risk targeted solutions that match their needs and with the global reach of the Pathway Funds - extending across equities, bonds, property, cash and alternatives - this is exactly what they're getting.

Managed by an award winning investment team

Of course, active management and investment performance is important too and the long-term consistent approach that the Zurich investment team takes to managing investments was recognized when Zurich won the award for '**Best Investment Performance**' at the recent IBA Service Awards.
