

Global Property Equities Fund (Henderson Horizon)

Launch Date

10th October 2012

Fund Description

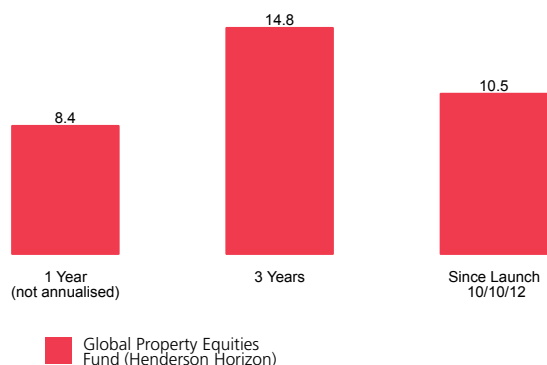

The Global Property Equities Fund (Henderson Horizon) is a unit-linked fund that gives you the opportunity to share in the performance of some of the world's leading real estate companies. To achieve this, the fund invests in the Henderson Horizon Global Property Equities Fund. The Fund seeks long term capital appreciation by investing in the quoted equity securities of companies or REITs (or equivalents) listed or traded on a regulated market which derive the main part of their revenue from the ownership, management and/or development of real estate, throughout the world. As this fund invests some of its assets outside the eurozone, a currency risk arises for a euro investor. This fund is managed by Henderson Global Investors.
