Fund Description

Indicative equity exposure:
Alternative Energy – 70% - 80% of the value of the fund. **Water** – 20% - 30% of the value of the fund.

The Green Resources Fund targets exposure to the Alternative Energy and Water sectors. It invests in the renewable energy, power delivery, cleaner fuel, water utility and water equipment industries. Global population growth and economic development are expected to drive demand for clean water supplies and alternative energy sources. This fund is expected to gain from this growth in demand. A currency risk arises as many of the underlying companies operate outside the eurozone.
